Our principal MR. BARCLAY

B.S., in Ed. Muskingum College
M.A., Ohio State University

Each one of you has so much future in his mind, heart and soul whether you choose to admit it or not.

Expectancy gives each one of your lives spirit, meaning or power whether you recognize it or not.

A part of that future has been realized for each senior with the receipt of his high school diploma.

Each one of you glorifies some vision in his mind and enthrones some ideal in his heart. You now face far wider horizons than you have ever faced and you will make your contributions as worthy citizens according to the depth of your visions and the strength of your ideals.

May you find power equal to your tasks, and may you always be a credit to your home, your church and your school.

Congratulations and best wishes to all of you.

EDUCATORS: They stand before our classrooms sharing the knowledge of the past and present. They move among us . . .

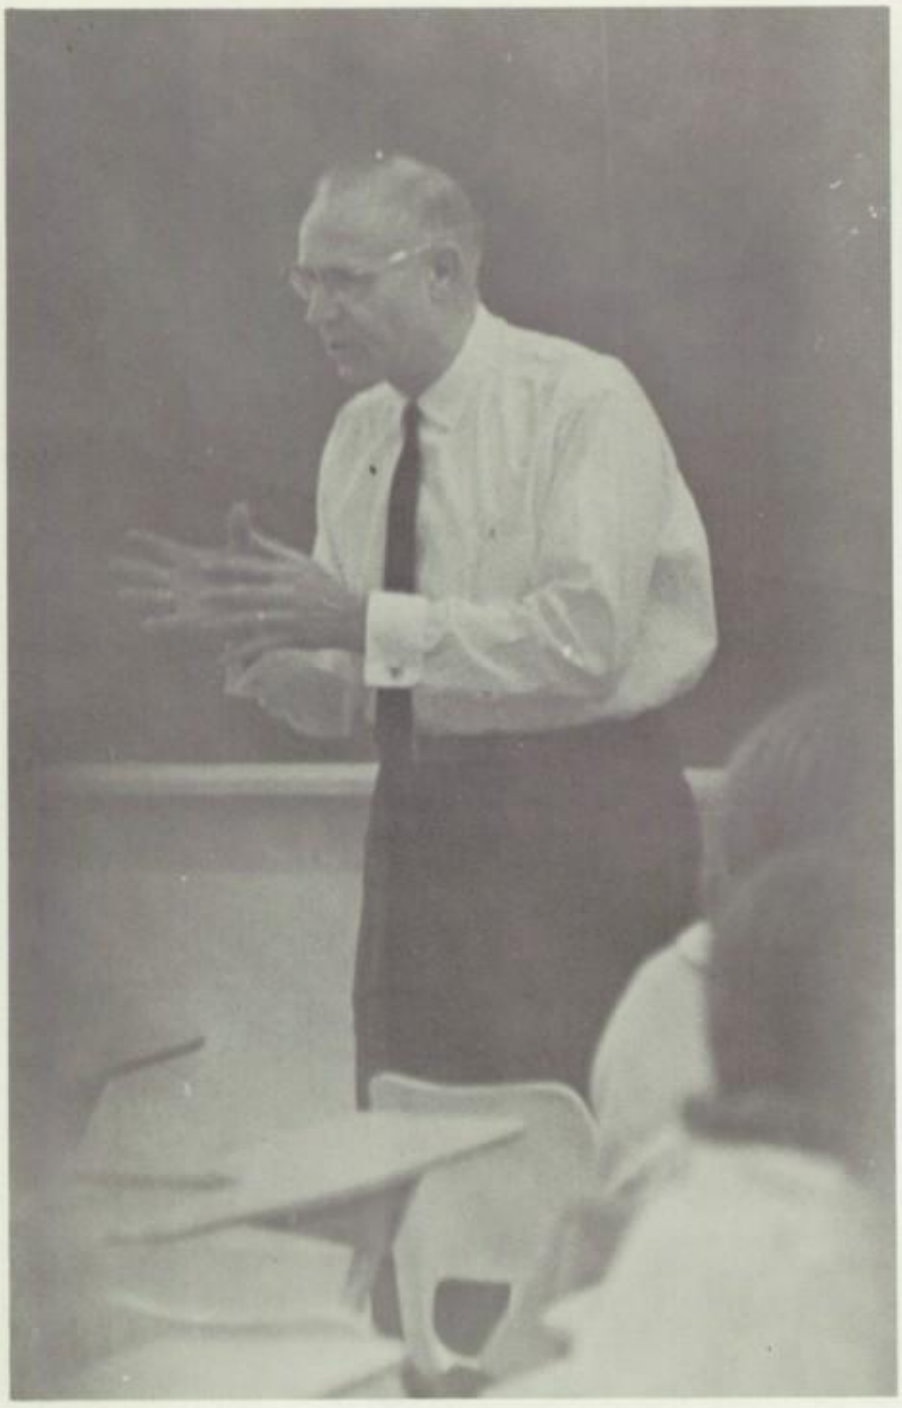
Explaining . . .

Clarifying . . .

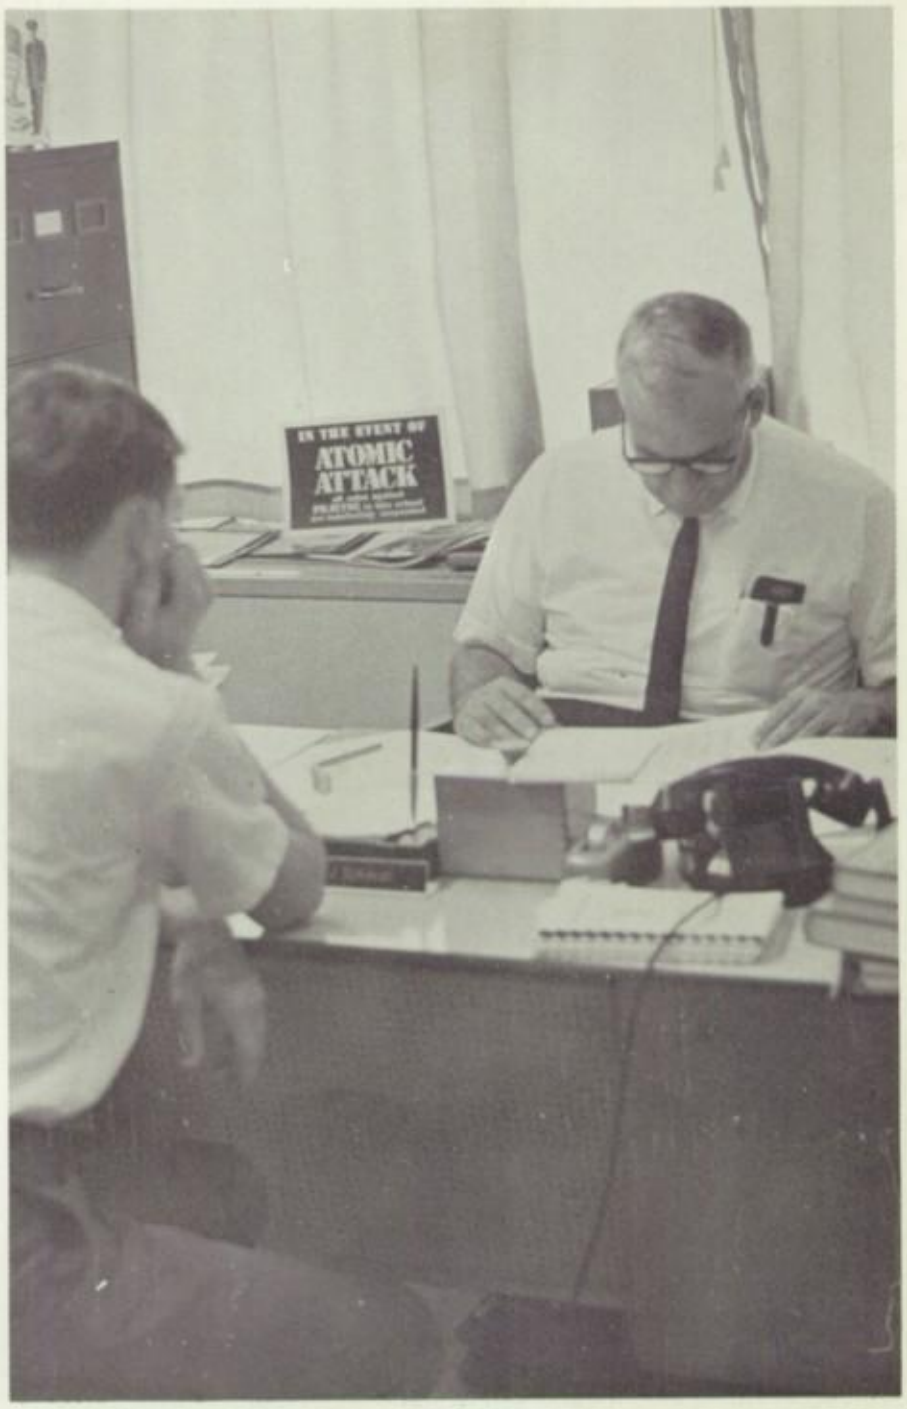
Cajoling . . .

Giving of what they know . . .

And most important--- of themselves.



THEY . . .



Lecture . . .

Counsel . . .

Joke.

They give attention to individual students . . .

They plead . . .

And sometimes they scold.

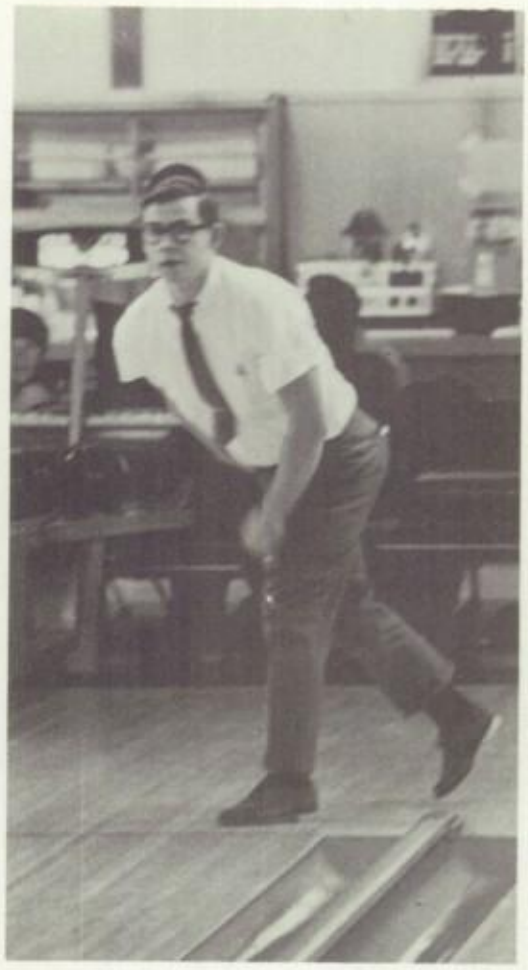
Such Form



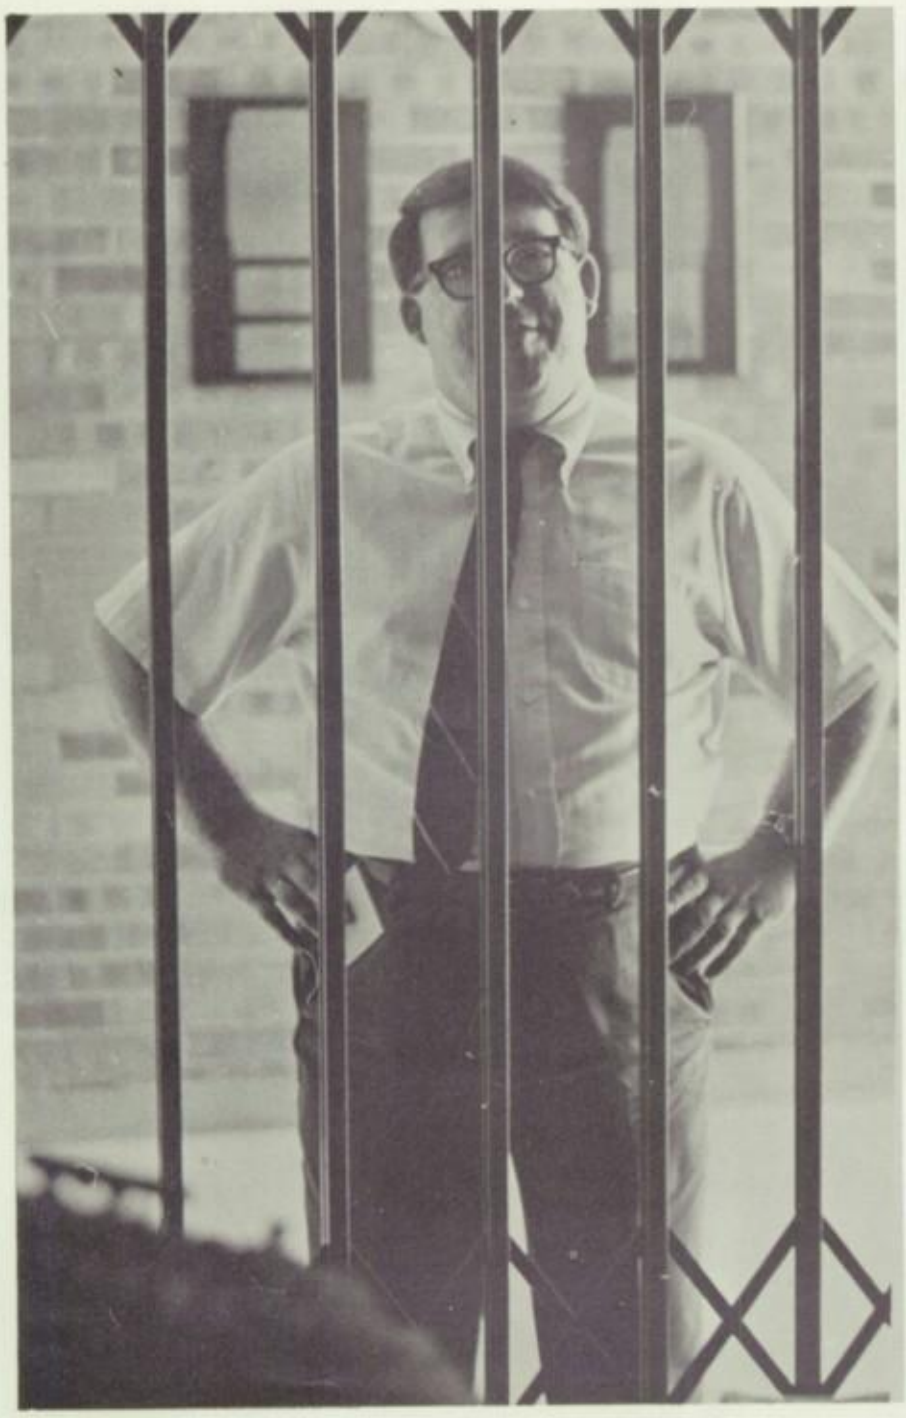
Such Grace

Such Expression

So Mr. Jones want the girls and boys to be good.

And revert to their childhood when Christmas comes.

Really, Mr. Jordan, do you have to bring your new toys for show-and-tell?



You, James Wenner, are now sentenced to thirty years in the State Penitentiary for the mass murder of ten annual members on the night of March 15, 1969.

All this trouble for one poor little frog.

Our industrious librarian at work.

Paul Harlow started in the Newark school system in 1929 as a Physical education teacher at 2 of the junior high schools. In 1941 he moved to the high school as a track and English teacher. Then in 1946 he became athletic director and held that position until 1963 when he gave up the position and took over the school yearbook. This year because of ill health he gave up the book so that it could be completed on time.

During his 40 years of service to N.H.S. he helped many students to appreciate physical activity and good sportsmanship. We wish him the best of luck and all of the happiness in the world for many years to come.

Another face which will be absent from the halls of N.H.S. next year will be that of Mrs. Leah Russell of the art department. She started in Newark in 1953 at the high school but went to a junior high after the first year and did not return until 1963. Since then she has guided many students to a very rewarding experience and many more to successful careers in the creative art field. Good luck from all of us and may you have all of the success possible.

Mrs. Grace B. Ryder came to N.H.S. in 1953. Although the course she has taught has had many different titles throughout the 16 years she has taught here, it is still junior English. During this time she has helped many students toward college and a good command of the English language. We wish to thank her for all of the help and guidance she has given us, and wish her the best of luck in the future.

At the conclusion of this year Mrs. Wilma Slay will end 11 years of service to N.H.S. She started her teaching career here in 1958 in the Latin and English departments. During her years with us she has advised the Soph. Y-Teens, Sophomore Honor Society, and many many students. Next year, upon taking her leave of absence, she plans to travel, paint and sculpt. We all wish her much luck and happiness.

In Memoriam

RICK A. WOODELL
Born: October 4, 1952
Died: October 7, 1968

In her novel, *Hadrian's Memoirs,* Marguerite Yourcenar causes the Roman emporer to write: "To say that my days are numbered signifies nothing; they always were, and are so for us all." Whether or not we believe in a predestined way of life little matters; we take confidence in the belief of a watchful care of the supreme One. Therefore when some of us discover we have fewer days to inhabit this earth, we and our loved ones will accept the fact that what God determines is surely right. And although the loss of a friend be hard on those who remain, they must rejoice in the Christian teaching that the place to which the departed has migrated is far better than anything this world is capable of offering.

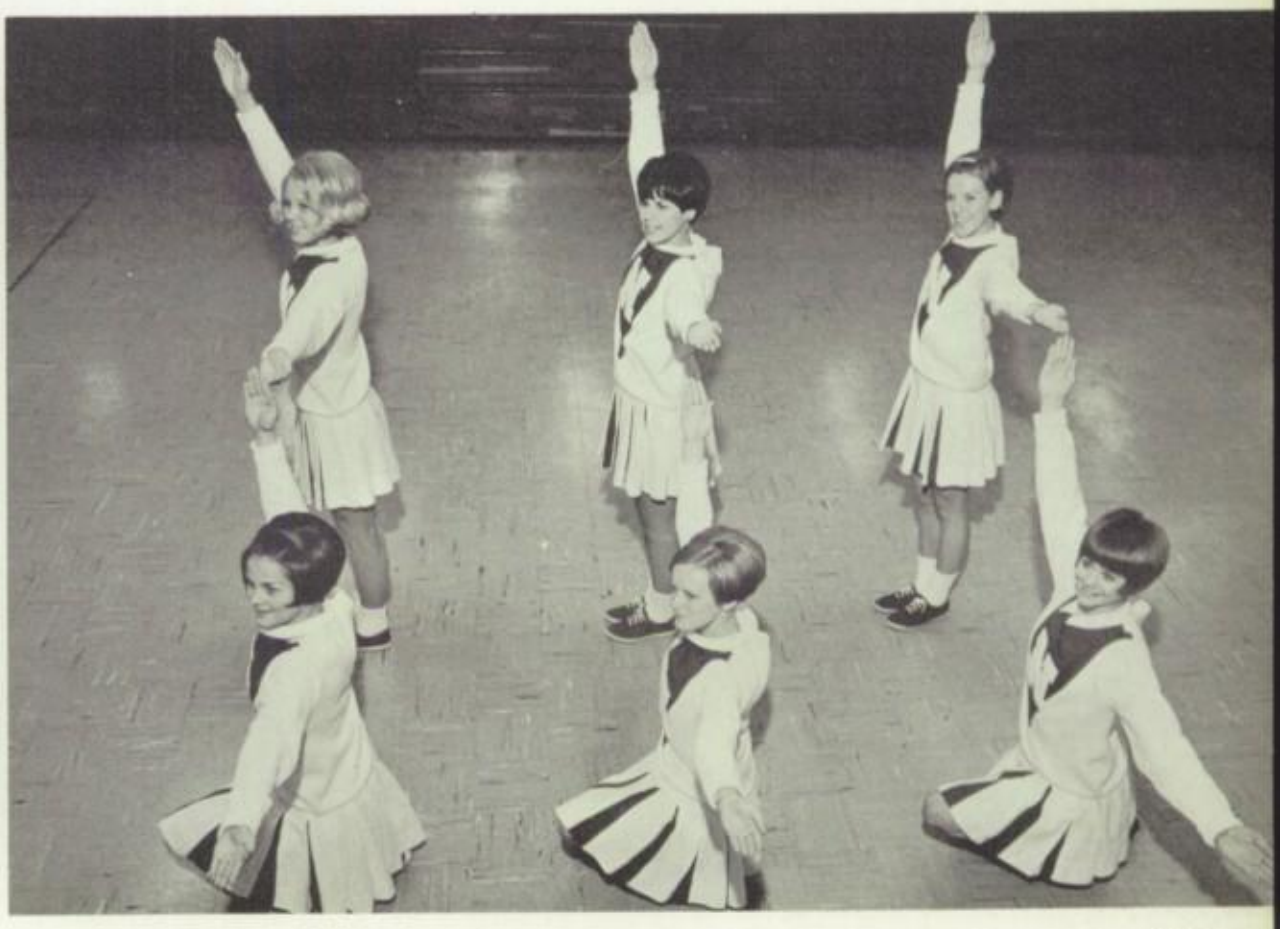
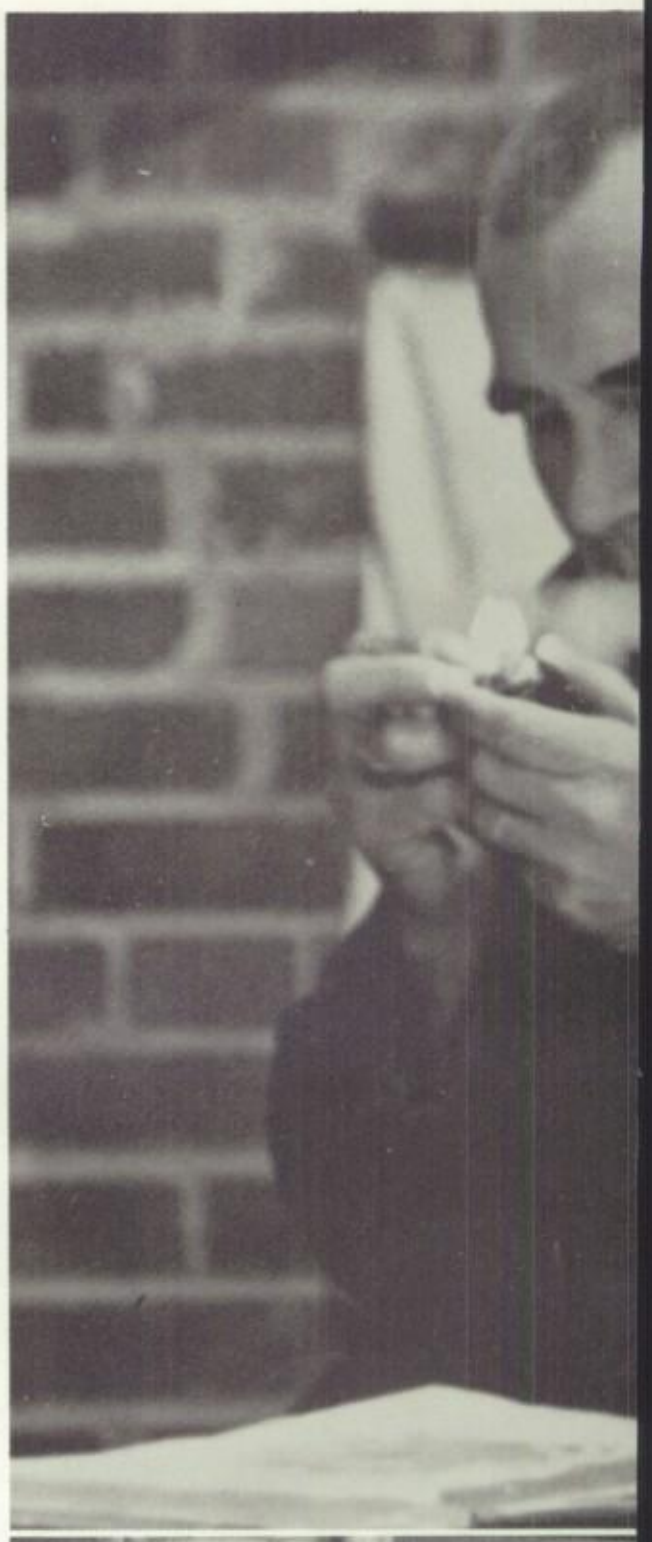
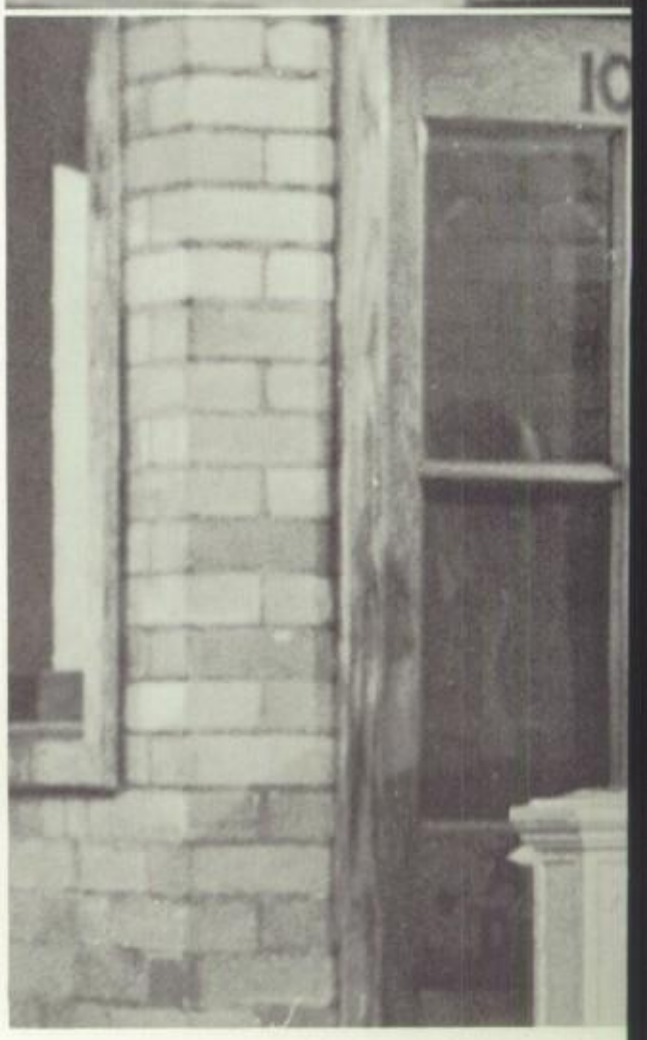
It Phill!!







Mr. James Allen has been with the Newark Public Schools for seventeen years. In 1952 he joined the faculty as a social studies instructor, a backfield coach in football and the assistant basketball coach. In 1954 he also assumed the position of baseball coach.

In 1957 he moved up to the position of head basketball coach. While the roundball mentor he won one district championship and was runner-up twice.

The next step was in 1961 when he moved to the position of head football coach and city athletic director. While football coach, his team won the C.O.L. Championship in '63 and was co-champ in '64. In 1967 he retired as football coach to devote all his energy to directing the city athletic program.

As athletic director he supervises all physical education and coordinates all of the athletic activities in the city.

During his tenure with the physical education department both as a member and director both students and adults, players and spectators have learned about good conduct and fair play while developing their skills as players and sportsmen. For the reasons we have listed above, we, the staff of the 1969 REVEILLE, dedicate this 1969 issue of the REVEILLE ANNUAL in recognition for all of the time, help and guidance you have given the students and the community of Newark. Thank you, Mr. Allen.
